

SARACEN OPENS SECOND STATE-OF-THE-ART STORAGE CENTRE IN MILTON KEYNES

FEBRUARY 2011, SARACEN DATASTORE LTD LAUNCHES THE LATEST ADDITION TO ITS IMPRESSIVE PORTFOLIO OF RECORDS & DATA MANAGEMENT FACILITIES.

Saracen has existing facilities in Leatherhead in Surrey and Sittingbourne in Kent covering Southern England and Greater London. The addition of the second Milton Keynes Records Centre increases Saracen’s capacity for Businesses in Buckinghamshire, Bedfordshire, Cambridgeshire, Oxfordshire, Northamptonshire, West Midlands and East Anglia. Also Saracen has a partner in Bristol to cover the South West.

Saracen utilises the market leading barcode tracking technology (O’Neil Software Inc – RSSQL & RSWeb.Net) to manage all of their clients’ business critical records and data. All movements, regardless of how small, are tracked at every opportunity including whilst in transit. Our uniformed vetted courier personnel will verify at the point of delivery each and every item using a hand held scanner and then transmits the data back to the records centre via GPRS connectivity keeping information up to date in real time. To learn more about what Saracen can offer your business please visit www.saracendatastore.co.uk or contact:
